

Accessing Boardmaker Online Tasks For Students

Students will need the instructor account info to set up initially (this is an upper case letter code).

After entering the letter code, you will login using your student's ser name and password.

- Your child's case manager will need to provide this.
- Most user name and passwords will be the student's first name and last initial (all lower case).

For PC users

There are 2 ways to access

- There is a PC program download or
- Access the assignments online through the Boardmaker webpage.

For instructors there are a couple ways to send info to parents so they can access assignments:

1. Student management tab

2. Sign in

- My Account
- Student Access
- Get Them Started
- Choose the Student on your list. An email message was just sent to the email address in the system.

(If you're not sure there is an email associated with your student, then go to your student management, if your student is missing I think you can add yourself)

Or The Instructor can email the parent directly and will need to share the Boardmaker Student center address:

<https://scesd.boardmakeronline.com/students>

To receive assignments they need to sign in with their student user name and password. See above.
