## Inactivated SBHS codes effective July 1, 2015

The following SBHS codes are now inactive (closed for payment) for dates of service on or after July 1, 2015. These codes were formerly used for individual therapeutic services (*e.g.*, speech, hearing, occupational, physical, and psychotherapy) and are now covered by code T1018.

In place of these codes, please use code T1018 and the appropriate modifier to indicate who performed the service (see **Modifiers** tab). For IFSPs, use ODE's form, which fulfills both the IEP requirements under Part B of IDEA and IFSP requirements under Part C of IDEA. To learn more, see the **ODE Letter** tab.
