### Themes

November's themes:

- **Food and Family**
- **Birds**

November is a wonderful time to gather with family. Whether you celebrate Thanksgiving or not, we all should take time to appreciate family....whatever family may look like for you. This month help your child expand their vocabulary with words related to the above themes.

### Learning & Language

Through this month's themes of food/family and birds, we will be learning about basic concepts to work on your children's goals; big/small birds, categorizing foods, different colors of birds, counting feathers, etc.

Help connect these themes at home by discussing different types of foods/birds that your child sees in their environment.
