For the month of February, we will be engaging in many fun activities with the book *Brown Bear, Brown Bear, What Do You See?* This book explores various animals and colors. You can view a read-aloud of this book with your child on YouTube. Also, this month don't forget to look for completed cute and skill-building Heart projects in your child's backpack. In addition, we will have lots of fun with songs and activities around farm animals...a kid favorite! As you are out and about with your child, point out and talk with them about animals they see and their colors.
