April Showers Bring MAY Flowers!

With the amount of rain that we had in April we should have an abundance of blooming flowers in May! This is a wonderful time to take your child out for a nature walk to enjoy the beauty and fragrance of spring. It's also a great opportunity to talk about all the colors of the flowers, shrubs, and trees.

May Themes:

Transportation | **Ocean**

For the month of May, we will be learning about and engaging in many fun activities, books, and songs about various transportation vehicles.

When you are out and about with your child, point out various vehicles that you see and talk about them to expand your child's vocabulary.

We will also dive-in to learn about the fascinating animals that live in our oceans. Perhaps take a visit to one of our beaches and point out the vastness of the sea.
